Council President Blanchette inquired briefly about Mr. Bozkurt’s participation and involvement with the Zoning Board of Appeals. At the request of Council President Blanchette, Mr. Bozkurt explained his duties and responsibilities as an Associate Member. He also explained that he applied for available full

[Tuesday, January 16, 2007]

time positions with the Zoning Board in the past and most recently in November/December of 2006 but he did not receive an interview or recommendation from the Mayor's Office as he had hoped. He affirmed his dedication and enjoyment as a board member and asked that the Council consider his reappointment favorably.

Council President Blanchette informed the Council Members present that the City Council typically would approve members recommended for promotion from an Associate position to a full time member post. He stated that the Council recently approved the appointment of an individual recommended by the Mayor and Director Sweeney as a full time member of the Zoning Board of Appeals. He stated that he found it odd that the recent "full time" appointment and approval was an individual who had not served on the Zoning Board in any prior capacity which is typically followed in order to orientate members to the process and proceedings.

Upon being granted the floor, Councilor Gosselin asked about the stipend paid to Associate Members in relation to the full members. She stated she is too concerned that Mr. Bozkurt was not considered or recommended for appointment as a "full time" member of the board.

Upon being granted the floor, Councilor DiMarca asked Mr. Bozkurt if he thought the proceedings before the Zoning Board of Appeal should be televised. Mr. Bozkurt stated that the Zoning Board of Appeal Meetings should absolutely be televised due to the fact that the proceedings concern and affect property rights of applicants and others in the City of Lawrence.

[Tuesday, January 16, 2007]

Upon being granted the floor, Councilor Silva asked Director Sweeney to explain why Mr. Bozkurt was not recommended for a permanent position as a voting member of the Zoning Board. Director Sweeney stated that he only received one application forwarded by the Mayor's Office for the recent voting member position available. A discussion ensued between Councilor Silva and Director Sweeney regarding the Zoning Board nomination and appointment process and televising the Zoning Board of Appeal Meetings.

At the request of Councilor Parolisi, Director Sweeney informed the Council Members present that voting members of the Zoning Board presently receive a \$2,500.00 stipend.

Upon being granted the floor, Councilor Gosselin confirmed information provided by Director Sweeney stating that the City Council only votes on board membership recommendations presented by the Mayor. A discussion ensued about the Zoning Board and Planning Board appointment process currently in place.

Mr. Bozkurt continued with his explanation about the process of submitting his application for the available voting member position with the Zoning Board as well as the application submitted for reappointment as an Associate Member. He stated that he submitted the applications to the Mayor's Office timely in both instances and followed up with a telephone call to the Mayor. He stated that he never heard from the Mayor or his Staff regarding the application submitted for the voting member position.

Upon being recognized, Councilor Alvarez-Rodriguez stated that she hopes Mr. Bozkurt is not penalized for his openness and honesty concerning this matter. She stated that she believes that Mr. Bozkurt would be qualified for an appointment as a permanent member

[Tuesday, January 16, 2007]

of the Zoning Board and hopes that he would be appointed as a voting member in the very near future.

Council President Blanchette discussed the Charter provision concerning the Mayor's authority to recommend appointments to the various multiple member bodies and stated that it would seem more appropriate that the Personnel Director review applications submitted.

Upon no further comments, discussion or inquiry by the Council Members present, Council President Blanchette called the motion for the consideration of the Council Members. Councilor Kolofoles stated that he believes the notices should provide more information about the potential benefit the City may accrue by retaining the property regardless of any individual departmental response.

Council President Blanchette informed the Council Members present that the surplus survey is sent to each of the City Departments through the Planning Department and that the current survey form contains a map referencing the size, location, and other useful information that is reviewed by each Department to determine if the property could be used for the benefit of the City in any manner.
