## MESSAGE FROM THE MAYOR

Residents and friends of the City of Lawrence, as another school year comes to a close, I want to take a moment to congratulate all of our graduates. Whether you have completed grade school, high school or college, the rest of your journey begins now. I wish you all the best as you continue on your path to success. May you always know where you are going, but most importantly, where you come from. Go out into the world and represent our city, and when you are done with that, come back and tell us about it. I look forward to hearing from all of you. Thank you for Making Lawrence Better!

## Bread and Roses Festival Logo Reveal

This year's logo was designed by Mrs. Allison Sharpe, a graphic designer originally from Lawrence. She chose a woman as the focus to represent all women involved in the labor movement and surrounded her with wheat spikes and roses, a metaphor for fair wages and dignity that has become the mark of the historic "Bread and Roses Strike" of 1912. ## Mayor's Health Task Force/CHNA11

Lawrence Youth council continues the conversation on education with a Short Film Premier and Panel Discussion - What Is Education?

Using the adage, "Let's Teach You, How To Teach Us...", the LYC extended the community conversation on Education, a trending topic in the US and around the world, as more people become involved in the Education of their children. To date the youth gathered over 600 surveys from public and private middle school students in the community regarding their views on Education. The youth used this forum to highlight what they saw as pitfalls in the Education system and followed up with a discussion, to take a look at how things can be improved in the future. Students expressed a great need to incorporate experiential learning opportunities to compliment the current syllabus and increase their knowledge base for future career decisions.

The panel consisted of past and present students of the Lawrence Public School system, some of whom went on to serve in the capacities of teacher and School Committee member. It was a well-supported event.

## City Representatives visit the Capitol

Vilma Lora, YWCA's Director of Social Justice Initiatives and Mayor's Health Task Force's Coordinator, and Martha Velez, Executive Director, Lawrence Council on Aging, were invited by the RWJF to Washington, DC, in May. The purpose of the visit was to attend their CONNECT training, created to help build and enhance relationships with members of congress and other policy-makers. While in DC, the pair met with staffers from Senators Ed Markey and Elizabeth Warren's offices. They also met with staff from Congresswoman Niki Tsongas' office. Vilma and Martha shared information regarding work happening in Lawrence, to improve community health, as the city continues to build a Culture of Health. They spoke specifically about the work that the MHTF Lawrence Youth Council (LYC) and other youth organizations are doing to promote youth leadership in the city, to prepare the future leaders.

The Federal delegation members were invited to visit Lawrence in September, for a chance to meet with the LYC and other youth from the community, to learn from them how these leadership opportunities have changed their lives, and for them to share concerns they may have on issues impacting youth development and career opportunities locally.
