Lawrence City Ordinance 3.08.110- Payments due prior to issuance of licenses or permits.

A. The city shall deny any application for and shall revoke or suspend any license or permit, including renewals and transfers, issued by any board, officer or department for any person, corporation or business enterprise who has neglected or refused to pay any local taxes, fees, assessments, betterments or any other municipal charges, or with respect to any activity, event or other matter which is the subject of such license or permit and which activity, event or matter is carried out or exercised on or about real estate whose owner has neglected or refused to pay any local taxes, fees, assessments, betterments or any other municipal charges.

B. This section shall be administered in accordance with General laws, chapter 40, section 57, as amended from time to time.

(Ord. dated 8/2/95; prior code § 25-11)

Lawrence City Ordinance 5.04.080 - Denial, revocation, or suspension of licenses and permits for failure to pay municipal taxes or charges.

A. The tax collector shall annually furnish to each department, board, commission or division, hereinafter referred to as the licensing authority, that issues licenses or permits including renewals and transfers, a list of any person, corporation, or business enterprise, hereinafter referred to as the party, that has neglected or refused to pay any local taxes, fees, assessments, betterments or other municipal charges for not less than a 12-month period, and that such party has not filed in good faith a pending application for an abatement of such tax of a pending petition before the appellate tax board.

B. The licensing authority may deny, revoke or suspend any license or permit, including renewals and transfers of any party whose name appears on said list furnished to the licensing authority from the tax collector or with respect to any activity, event or other matter which is the subject of such license or permit and which activity, event or matter is carried out or exercised on or about real estate owned by any party whose name appears on said list furnished to the licensing authority from the tax collector, as required by applicable provisions of law, and the party is given a hearing, to be held not earlier than 14 days after said notice. Said list shall be prima facie evidence for denial, revocation or suspension of said license or permit to any party. The tax collector shall have the right to intervene in any hearing conducted with respect to such license denial, revocation or suspension. Any findings made by the licensing authority with respect to such license denial, revocation or suspension shall be made only for the purposes of such proceeding and shall not be relevant to or introduced in any other proceeding at law, except for any appeal from such license denial, revocation or suspension. Any license or permit denied, suspended or revoked under this section shall not be reissued or renewed until the license authority receives a certificate issued by the tax collector that the party is in good standing with respect to any and all local taxes, fees, assessments, betterments or other municipal charges, payable to the municipality as the date of issuance of said certificate. City Ordinance Sec. 12.12.30 – RESTRICTIONS UPON ISSUANCE OF PERMITS:

No petition for a permit which involves excavating in any street or way, including sidewalks, or the removal or the disturbing of any pavement, or other similar thing for any purpose whatever, shall be granted, except under the following restrictions and conditions and such other restrictions and conditions as the city council may think proper:

- A. All proposed excavations shall be saw cut prior to commencing work. Any irregular, broken, ragged or undermined edges shall be cut clean and straight before patching. All cuts made into sidewalks shall be saw cut prior to excavating. Any utility cut in a sidewalk will be patched within twenty-four (24) hours of completion of work and shall be of the same material that was excavated. If a cut occurs in the middle of a concrete sidewalk square or squares, then the entire square or squares must be replaced.
- B. All trenches are to be backfilled with "flowable fill" from a depth of one foot above the pipe(s) to within four inches below the surface grade. This will apply to all excavations within the street area.
- C. All cuts are to be infrared patched. The surface of the trench after compaction shall conform to the grade of the surrounding area.
- D. All boring holes, test squares or sampling squares shall be properly filled, tamped and sealed to maintain the integrity of the roadway.
- E. The location of any trench excavated by a public utility, or by a contractor working for said utility, or by a private contractor shall be thoroughly cleaned with any surplus material removed from the site and disposed of legally.
- F. Any contractor working on behalf of a home owner for repaving or creating a driveway must follow the guidelines set forth by the engineering department, zoning and building departments.
- G. All applicants shall be responsible for maintaining their trenches for a period of two years. If any settling or deterioration of the patch occurs within that time, the contractor is responsible to rectify the flaw. If the city must intervene and repair the patch, then the city will bill the contractor of record for its expense including but not limited to labor cost, material and equipment costs.
- H. All work shall be inspected and approved by an individual designated by the director of public works.

(Ord. dated 9/2/08; prior code § 24-4)

12.12.040 Bond required.

No permit required for excavation in any street or way shall be granted or issued unless and until the applicant has filed with the city clerk a performance bond to enable the street division of the department of public works to complete any work not done to the satisfaction of the director of engineering of the city. The performance bond shall be in the amount of \$2,000.00 for ordinary excavations and in the amount of \$5,000.00 for extensive excavations. A blanket bond is acceptable under this section and shall be in the amount of \$10,000.00. (Ord. dated 8/17/99 § 12 (part); prior code § 24-5)
