Mayor of Lawrence

## **Mayor Brian A. DePeña FY 2025-2026 Budget Statement**

Dear Councilors,

I am pleased to present for your review the proposed FY 2026 operating budget for the City of Lawrence. This comprehensive financial plan not only outlines our anticipated revenue and expenditure but also reflects our commitment to enhancing the quality of life for all residents. By approving this budget, the City Council will support my administration's overarching goal of achieving long-term financial stability and sustainability for Lawrence. Together, we can ensure that essential services are maintained, infrastructure is improved, and community programs are adequately funded, all while fostering economic growth and resilience in our city.

In the process of preparing the FY26 operating budget, my administration remains dedicated to exercising fiscal responsibility while thoughtfully navigating the complexities of our local economic landscape and anticipating changes in state and federal funding.

With ongoing uncertainties regarding funding levels and the sustainability of essential programs, we have conducted a comprehensive review of various cost-saving strategies aimed at enhancing efficiencies within our municipal operations. Through the optimization of our existing resources and by fostering collaborative partnerships with the private sector and community organizations, we strive to ensure that our budget remains sustainable without compromising the high-quality services we provide or jeopardizing employment within our workforce. Our approach has included a careful analysis of the potential implications of proposed budget changes and a commitment to closely monitor state budget proposals that impact local aid. This proactive stance empowers us to make informed and strategic decisions about the prudent allocation of our limited resources.

For FY26, our primary focus continues to be on preserving the core services that are vital to our community—investments in education to empower our youth, infrastructure enhancements to bolster our city's resilience and connectivity, and emergency services that protect the safety and well-being of all residents. However, we also recognize the significant challenges posed by recent funding reductions implemented by the federal administration. Decreased support for programs such as the Building Resilient Infrastructure and Communities

Brian A. DePeña  
Mayor of Lawrence

(BRIC) grant program may leave Lawrence more vulnerable to disasters, necessitating that the city internally finances critical infrastructure improvements. Additionally, substantial reductions in federal K-12 education grants will inevitably limit resources available for our schools, thereby affecting student learning and essential support services.

The reduction in Community Development Block Grants (CDBG) poses a serious threat to affordable housing initiatives and vital social services, which could lead to decreased funding for housing assistance programs and exacerbate housing shortages and homelessness. Furthermore, cuts to public health funding, which have been in effect since March 2025, are impacting the capabilities of our Inspectional Services Department's health divisions, making it more challenging to serve residents and respond to essential services. These funding changes risk undermining support for an array of critical sectors and programs in our city, creating significant challenges as we strive to maintain the living standards our community deserves. As we move forward, we remain steadfastly committed to addressing these challenges and enhancing the services essential to our community's growth and well-being.

The following outlines a comprehensive overview of the potential impacts of the anticipated changes, the administration's financial decisions, and our proposed strategies for Fiscal Year 2026:

## *1. Balancing the Budget, Addressing Shortfalls, and Optimizing Existing Resources:*

We have proactively explored innovative approaches to streamline operations, minimize waste, and enhance efficiency while ensuring that essential services remain intact. Our strategy includes diversifying revenue sources beyond traditional property taxes by enforcing compliance with existing regulations and the introduction of new fees tailored to specific services. Another approach is to form strategic partnerships with investors through the introduction of impact fees on new development to strengthen financial support.

We are also conducting thorough evaluations of spending priorities to identify areas for responsible expenditure reductions without compromising core services. After three consecutive years of stable tax rates, we propose a modest tax increase for this fiscal year that aims to sufficiently fund essential programs and services, addressing financial gaps resulting from recent federal and state funding cuts. To promote collaboration across departments, we intend to identify efficiencies and savings opportunities, thereby minimizing duplication of services within our local government.

## *2. Monitoring State Funding and Aid:*

Brian A. DePeña  
Mayor of Lawrence

We are committed to diligently monitoring state budget proposals for local aid, which encompasses unrestricted general government funding and educational resources. Our team is working closely with state representatives to advocate for our community's unique needs to be reflected in the overall state budget. We continuously assess the implications of proposed changes in state aid on our city budget, making necessary adjustments based on comprehensive financial projections and trends. Additionally, we are focused on securing greater flexibility in state funding allocations, allowing the city to direct resources to the areas that are in greatest need, thereby maximizing our impact.

### *3. Prioritizing Essential Services:*

The administration is dedicated to ensuring that essential services, such as education, public safety, and infrastructure development, receive robust funding. A fundamental aspect of our planning involves maintaining capital investments in critical infrastructure, including roads, bridges, schools, and public facilities. We will carefully prioritize projects that offer significant long-term benefits for our community. As we work to balance the budget, we are considering how city policies can effectively support local businesses and cultivate a thriving economic environment. We remain committed to investing in community programs, particularly those that address urgent local needs, such as affordable housing initiatives, comprehensive social services, and enhanced recreational opportunities. By focusing on these areas, we strive to strengthen the fabric of our community and ensure a sustainable future for all residents.

### *4. Exploring Public Funding Opportunities:*

We recognize the importance of exploring diverse public funding opportunities, including conducting thorough research on available federal grants and government incentive programs. It is crucial to identify and evaluate potential funding sources that align with our project objectives. Our approach will be to prepare well-crafted applications that clearly articulate the significance of the proposed projects and their anticipated impact, thereby positioning the city to maximize our opportunities for support.

In closing, I would like to thank you and the people of Lawrence for their endless support, understanding, and unwavering commitment to our city.

Sincerely,

Brian A. DePeña  
Mayor

Treasurer / Tax Collector	Perla Ortiz
Veterans Affairs Director	Victor Ortega
Water & Sewer Commissioner	William Hale

## CITY OF LAWRENCE, MASSACHUSETTS

### GENERAL INFORMATION

The City of Lawrence is located in Essex County and is 26 miles north of Boston. It is bordered on the north by the City of Methuen, on the west and southwest by the Town of Andover, and on the east and southeast by the Town of North Andover. It is also 5 miles south of the State of New Hampshire. Incorporated as a city in 1853, Lawrence has a population of approximately 89,143 (2020 US Bureau of the Census) and occupies a land area of approximately 6.93 square miles. The cities of Lawrence and Haverhill are the population centers of a Primary Metropolitan Statistical Area (PMSA) of approximately 230,000 persons. The city is governed by a mayor and nine-member City Council. The Mayor and all Council members are elected on a non-partisan basis. City Councilors are elected for two-year terms and the Mayor is elected for a four-year term. All executive officers are appointed.

### HISTORY

In 1845, a group of Boston entrepreneurs led by Abbott Lawrence formed the Essex Company to harness the power of Bodwell's Falls on the Merrimack River in order to run their commercial concerns. The pace of development rapidly transformed Lawrence from a rural farming community into a major industrial center. Within three years, the Essex Company completed a dam, constructed two canals and a reservoir, organized gas works, and erected fifty brick buildings, a boarding house, a machine shop for building locomotives, and plants which housed the Atlantic Cotton, Pemberton, Upper Pacific and Duck Mills. In 1847, the Boston and Maine Railroad introduced passenger train service and in 1853, Lawrence was incorporated as a city. Lawrence quickly achieved prominence as one of the major centers of woolen textile development in the United States and some of the original mills remain, underscoring the City's continued importance as a textile manufacturing center. In recent years, the City has sought to diversify its economic base by attracting industries which manufacture products other than textiles.

### MUNICIPAL SERVICES

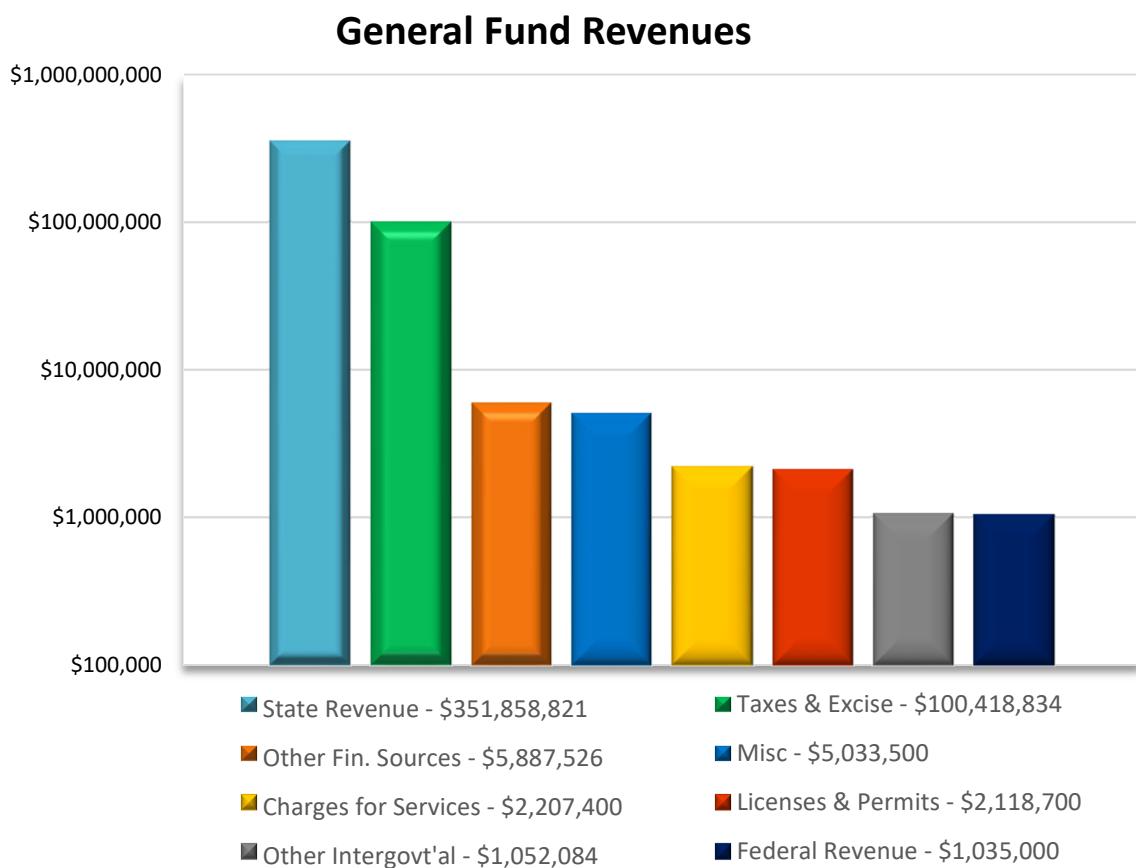

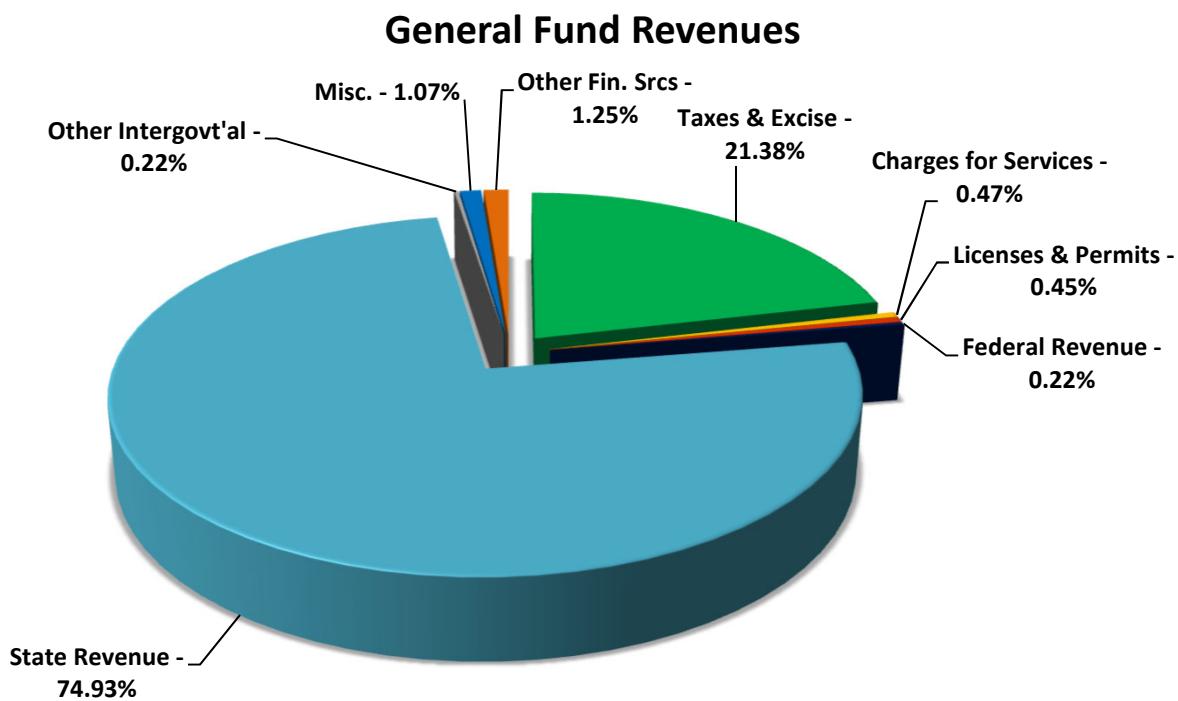

The City provides general governmental services for the territory within its limits, including police and fire protection, solid waste collection and disposal, public education, street maintenance, park and recreation facilities, elder services, veterans' services, water services and a library. Public housing is provided by the Lawrence Housing Authority. Wastewater treatment is provided by the Greater Lawrence Sanitary District (the "District"), which serves the City through 137 miles of sewer mains and sewer stations. The system serves essentially all residences and businesses in the City. The District also serves the towns of Andover and North Andover, Massachusetts, the city of Methuen, Massachusetts and the town of Salem, New Hampshire.

### PUBLIC SCHOOL FACILITIES

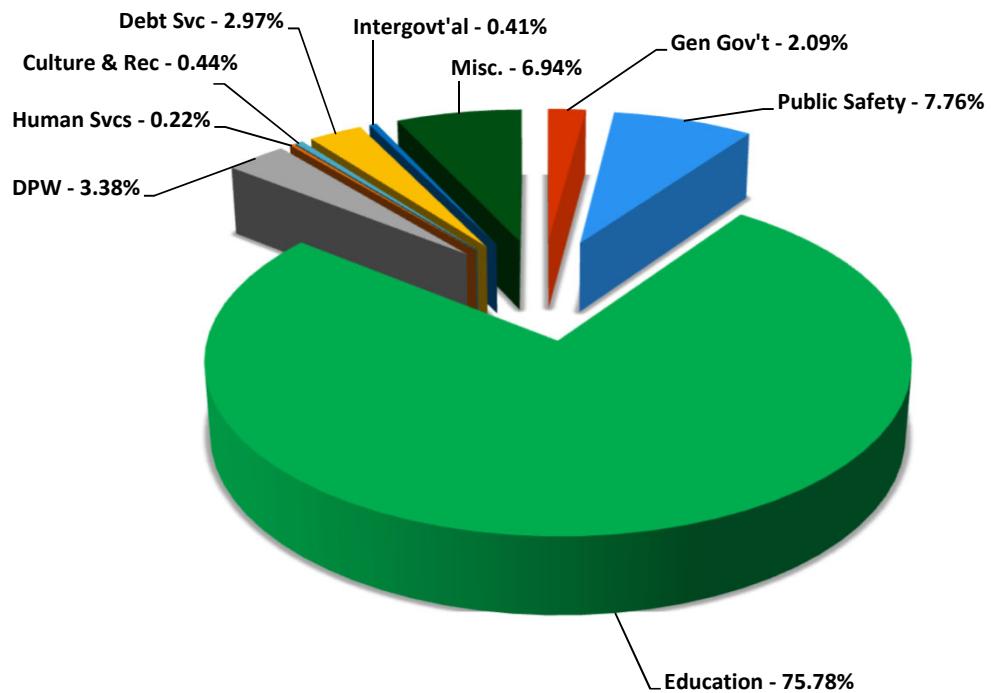

The City's public school facilities include twenty-four elementary schools, one high school and two alternative high schools which have a combined total capacity of approximately 13,800 students. Over the past few years, the City embarked upon a program to rebuild and/or replace many of its school facilities. The Oliver Partnership School is a new 1,000 student K-8 School currently under construction in 2022 with a total estimated project cost of \$148 million. The City has entered into a cost sharing agreement with the MSBA where the MSBA is expected to fund approximately 47% of the total project cost with the remainder portion paid by the city. The Francis M. Leahy School is a new 1,000 student K-8 School currently under construction with a total estimated project cost of \$115 million. The city has entered into a cost sharing agreement with the MSBA where the MSBA is expected to fund approximately 56% of the total project cost with the remainder portion paid by the city. The City is a member of the Greater Lawrence Regional Vocational Technical High School District which also serves the towns of Andover and North Andover and the city of Methuen. As of October 1, 2024 there were 1,840 students enrolled in the Greater Lawrence Regional Vocational Technical High School District, 1,296 of whom were residents of Lawrence.

### TRANSPORTATION

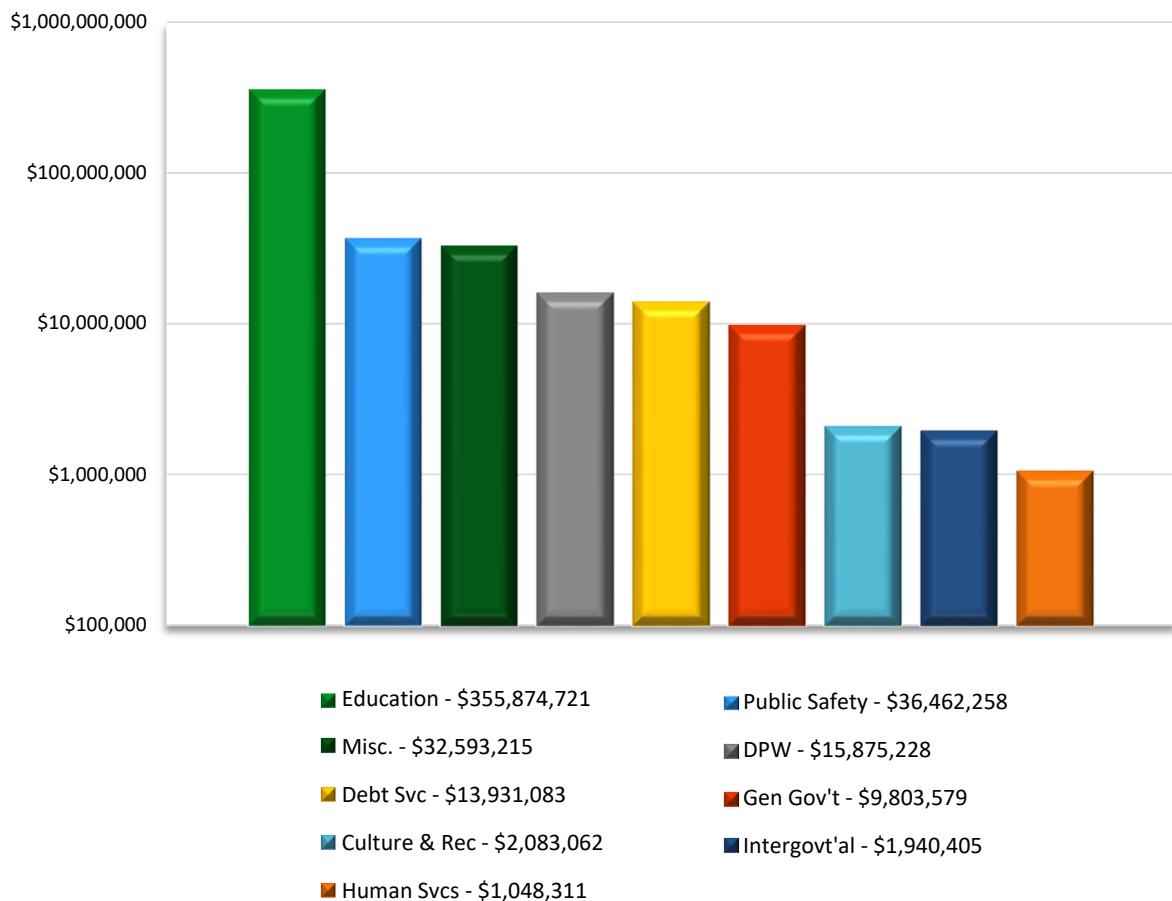

The City is serviced by Interstate 495 and 93 and State Route 28, which provide convenient access to all points in Massachusetts and northern New England. Commuter bus service is provided to Boston, and the Boston and Maine Railroad provides commuter and freight service. Bus service within the City and throughout the Greater Lawrence area is provided by the Merrimack Valley Transit (MEVA.) Lawrence also has a 500-acre municipal airport which is located in the Town of North Andover and is self-supporting. This airport has two runways: one is 3,655 feet in length and the other is 5,000 feet in length. Established in 1934, the airport is located minutes from both the Ward Hill and Lawrence Industrial Parks, providing air transport services to the regions employers for over 80 years.
